

FAIRHILL SCHOOL

Lower School Summer Academics and Enrichment Program

We invite all Fairhill and non-Fairhill students to join us for three weeks of active learning and enrichment. Summer is a time to try new things, sharpen skills, be creative, build confidence, and think outside the box. Summer at Fairhill helps students achieve and develop academic skills in the areas of language arts, math, executive function, mental and physical wellness, fine arts and more.

The Summer School program draws on the strength of Fairhill's exceptional faculty. All classes are small, allowing teachers to guide each student to successful completion of each course. This success leads to increased confidence, which then leads to improved performance overall.

Come and experience Summer at Fairhill, and see why Fairhill is the difference!

Afternoon Excursions

Jr. Falcons Basketball Camp Coach Kamel Murphy

Take advantage of your time off this summer to improve your basketball skills and knowledge. Challenge yourself at this Junior Falcon Basketball Camp with Varsity Coach Kamel Murphy. Playing basketball helps children learn basic coordination and team-building skills with an added bonus of making new friends along the way.

Parkour by Fugitive Fitness Coach Chad Deaver

Want to move like your favorite superhero, or do the cool moves you see on video games? Coach Deaver teaches students how to perform safely all of the basic movement patterns involved in parkour, including running, jumping, rolling and swinging.

Clay Explorations in Art Mrs. Betty Sue Finnell

Clay Exploration for students entering Grades 5-8. This class teaches all of the basic hand building techniques: pinch pot, coil, slab and sculptural. Each student will receive enough guidance to successfully complete the project and enough autonomy to creatively bloom. Students will also have the opportunity to make a wheel thrown pot.

Young Picasso's Fine Arts Camp Mrs. Betty Sue Finnell

Young Picasso's Fine Arts Camp for students Entering Grades 1-4. Enroll your child in a week long class of hands on visual arts. They will explore a variety of materials and techniques, including clay, painting, and printmaking.

Summer Chess Program Ms. Jennifer Thompson/Masters in Speech Language Pathology

Learning to play chess encourages patience, memory, concentration, problem solving and an understanding of consequences. It requires students to break down a problem and then put it back together. Chess improves decision-making, increases self-confidence and develops organizational habits.
